TEN CENTS A WEEK

## HIS LIFE

Is at Stake—Tom Hodges on Trial For Murder.

### HE KILLED LATTIE HALE.

The Defense Is That Hodges Is an Idiot—Evidence Being Heard.

#### CIRCUIT AND POLICE COURT NOTES.

**CIRCUIT COURT.**  
Tom Hodges, the half-witted negro who killed Lattie Hale with a sledge hammer in Jerome Allen's livery stable several months ago, was placed on trial this afternoon for willful murder. The defendant pleaded not guilty, the grounds of defense being idiocy. The court then proceeded to hear the evidence.

Hodges looks much better than when first incarcerated, and that idiocy expression seems to have vanished, temporarily at least. He listens to the evidence intently, and appears to understand the gravity of the situation.

As will no doubt be recalled, the murdered man's watch, money and knife were found in the murderer's pocket when he was arrested.

The grand jury returned its first batch of indictments yesterday afternoon last.

Chas. Foster, colored, was indicted for maliciously cutting Finis Dance.

William Moore, of Mechanicsburg, grand larceny.

Frank Terrell, colored, house-breaking.

Henry and Will Meyers, alias Nolan, were indicted for breaking into the Lemon-Gregory Hat Company.

Mr. Louis Kolb was released as a petit juror and Mr. W. G. Whitfield substituted.

Lee Thompson, charged with shooting a cow, was sentenced to six months in the county jail. He is white.

The case against Fendrick was continued until the 9th day.

The case against J. H. Rogers, charged with cutting Tom McCarty, was continued by agreement.

Chas. M. Ross was discharged from the grand jury and J. H. Smith substituted.

On motion of Maj. Harris Attorney C. H. Hopgood, of Mt. Vernon, Ind., was sworn in as a practicing attorney at this bar.

The grand jury had returned no indictments up to press time.

#### FELL IN THE WELL

But Young Clifton Was Seriously Hurt.

Will Clifton narrowly escaped fatal injuries Monday in Crittenden county. On his father's premises is a well being dug. The workmen had reached a depth of thirty feet, and Clifton climbed to the bottom. The rope broke and he fell. He was rescued by the workmen and taken to the hospital.

#### HOW THEY CAUGHT HIM.

Ballard Haynes Captured By Two Companions.

The negro, Ballard Haynes, who killed his brother Dave last week at Murray, and who escaped his pursuers by giving them the dodge in a big corn field, was captured that night on the railroad south of town by Tom Kelly and Jim Nix, two colored boys, who were given authority by the officers to pursue the murderer, and given ten dollars for their trouble.

The Murray "Lodger" thus relates how they did it:

They went to Hazel in the afternoon and met Ballard as they were coming home. He asked them to take him to his home. They took him to his home and he told them to go. They went to his home and he told them to go. They went to his home and he told them to go.

Notice, Ladies.  
I am sole agent for Pang, Yee Tai & Co., tea merchants of Hong Kong, China, and will keep a full supply of the best teas on hand. When in need call at P. D. Harris, 124 South Second street.

## THIRD DAY AT THE FAIR.

Larger Crowds Make a Better Showing, Still There Could Be More.

### ASMUND'S OWNER WILL CONSENT.

The Races Yesterday and Today—Tomorrow's Program.

#### INTERESTING FAIR NOTES.

The Paducah Fair and Exposition Association entertained yesterday a crowd at least a half larger than that of the day before. There is a yet greater increase in the attendance today. Still there are empty seats in the grand stand, and the interest manifested is not quite what one would think it should be. The efforts of the association to provide amusements for the people seem somewhat to fail of the appreciation they deserve. The fact is to be regretted by every one who has the welfare of the city at heart.

There are perhaps fewer visitors from a distance this year than usual, but those who come seem well pleased with the attractions. If the meeting does not prove a success in every particular, blame can be attached to the gentlemen who have it in charge, as a more painstaking, accommodating, public-spirited set of men never directed any public enterprise.

The awards in the Floral Hall exhibits were completed yesterday afternoon. It was an arduous task but those having the work in hand discharged it with method and thoroughness, and to the satisfaction of all concerned. A partial list of the winners appears in another part of this issue. The others will be published as the SUN can find space for them.

#### YESTERDAY'S RACES.

The first race yesterday and perhaps the one which excited most interest, was the free-for-all trot, for a purse of \$250. The entries were Asmund and Mayfern, both horses well known to Paducah people and elsewhere. Asmund took the first heat easily in 2:24; Mayfern retaliated in the second, with quite as little effort, and 2:21 was lunged out at the judges' stand. The third was more exciting and Mayfern won in 2:24. The first half of the foot race was turned with the animals neck and neck. Mayfern broke belly on the back stretch and lost distance considerably. Asmund came under the wire first, Mayfern close behind. Time 2:22. In the fifth heat Mayfern behaved badly again, but came in well ahead, 2:29. The owner and driver of Asmund objected to the decision of the judges giving Mayfern the race, claiming it was won by the break in the last heat, but could not prevail upon them to alter it.

The second event was a 2-year-old half mile dash. Three horses started. Amoria had been scratched. The new Weir starting machine was employed and proved, apparently, a hoodoo to Circus, who stuck still till the others were well away toward the first turn; like the woman in the old maxim, he hesitated—and lost. If he had started fairly this would have been much more a race. Gee Whiz finished first, Van Mack second and Circus third. Time 59.

The next race was a special pace for a purse of \$100. Rockafellow and Little Nick did not start. Stuyvesant, John ready and Jesse James finished each of the three heats in the order named; first heat 1:17, second 1:10 1/2, third 1:10 1/2. John Ready was nicely and kicked to death two or three precious seconds of time.

In the three-quarter dash there was a very poor start. Palmyra got off well ahead and stayed there. Julia Clark came in second. Zond Avesta, third, Dutch Over fourth and Crab Cider fifth. Time 1:18 1/2.

The fourth race on the program, half mile and repeat, will be completed this afternoon. After a delay of some ten or fifteen minutes during which the jockeys played hard for advantage and the spectators swore, they were finally let go in rather indifferent order for the first heat. Ned had fully two lengths the best of the start and came in about that distance ahead of Silver Top. Cora C was third, Perilly fourth, McLoeket fifth. Time 50.

#### TODAY'S RACES.

Second heat, half mile dash, fourth race—Perilly, first; Ned, second; Silvertop, third; Cora T, fourth; McLoeket, 5th. Time 50 1/2.

In the trot, \$75 purse, first heat—John Ready, first; Rocky Fellow, Time 1:16.

Third heat, first race—Perilly, first; Ned, 2d. Time 51.

TOMORROW'S RACE PROGRAM.  
First race—2:40 trot and pace, mixed, \$200.

Second race—Two-year-old half mile dash, (or five eighths if agreed), \$75.

Third race—Three quarter dash, consolation, \$75.

Fourth race—Half mile and repeat, consolation, \$75.

Immediately before or during the races an all out \$40 will be made for the mack snail.

or double harness, stock, vehicle and driver, accompanied by lady, to be considered.

There has been so far no disorder. There were no ring exhibits today. Good cattle exhibits are expected tomorrow.

That starting machine is an unqualified success. The last installment of yesterday's crowd did not get home until dark.

Dr. Jim Lang is the horseman's ideal track superintendent.

Quite a number of people came up from Metropolis this afternoon on the Cowling.

There are prospects for several contestants for the \$40 offered for the most stylish turnout.

The rural districts had a better representation today than on either of the preceding days.

Tomorrow is children's free day. Children under 15 years old will be admitted without tickets.

There were several hours' work put on the track last night and this morning, and it is in prime condition for this afternoon's races.

Visitors notice the beautiful new residences being built along Broadway and Jefferson streets in the West End, and realize that those fair grounds are long will be "in town."

The Arm and Hammer Soda company has a representative who distributes gratuitously at the gate, sample packages of his soda, with a chromo thrown in.

Miss Birdie Nash is in charge of the office in Floral hall, and the SUN, as well as the other newspapers of the city, are indebted to her for courtesies extended. Also to Mr. McClean in the same department, and in fact almost every other official about the grounds.

Mr. W. P. McFarlan, the owner of the unfortunate Landseer, left on the noon train for his home at Harrisburg, Ill. Mr. McFarlan has up to this time had a very successful season, but the loss of Landseer is very discouraging to him, and he has almost determined to abandon the turf. Landseer is the third fine animal he has lost by accident on the track. Mr. McFarlan, however, is a man of large experience in life, and knowing the vicissitudes of the business he has followed, even so considerable a pecuniary loss is less affecting to him than the sad fate of young Griffin. Griffin was not only his employee but his friend whom he had known from his childhood. He told the reporter, almost with tears, that he mounted Griffin in the first race he ever rode. During much of the time since then they have stood in the same relation to each other, and of course Mr. McFarlan expresses his feeling that any one under like circumstances might be expected to show. He took the responsibility of the funeral arrangements here, and had the remains sent to his brother, James McFarlan, at Elizabethtown, Ill., for interment.

#### BILLY KERSANDS

With the Georgias Saturday Night.

A critic in speaking of Billy Kersands, says: "He is enough to drive the dyspepsia entirely from one's system. His mouth is certainly his fortune." Another says: "He is always funny, because he is built that way, and not simply for the \$75 a week he can make out of his droolery." He has been with the Georgia Minstrels for the past twelve years. Previous to that he was with "Callender's Georgias" and "Jack" Haverly's "Big Black Forty." It was with Callender's that he went to England and made the hit of his life. It is a clean-cut performance from start to finish, and the patrons of Morton's opera house will have a chance to judge of their merits on Saturday night when the Richards & Pringle's Georgias, combined with Rusco & Holland's Operatic Minstrels, will appear.

#### INDORSED GRASSHAM.

Republicans of Crittenden County to Support Him.

Saturday the Republican county committee convened at Marion, pursuant to the formal call. The object of the meeting was to indorse C. C. Grassham, of Smithland, for Congressional endorsement was adopted. Mr. Grassham is announced as the "National Democratic candidate." The endorsement by the Republicans virtually places his name upon the Republican ticket, and on the official ballot it will appear under the log cabin.

#### SPECIAL EXCURSION

From Calloway, Marshall and McCracken Counties, Ky., to Tennessee Centennial.

The N. C. & St. L. will sell excursion tickets to Nashville and return Sept. 30, as follows: Paducah, \$3.05; Elva, \$3.05; Benton, \$2.90; Glade, \$2.85; Hardin, \$2.80; Dexter, \$2.75; Almo, \$2.70; Murray, \$2.60; Hazel, \$2.50. These rates include one admission to the centennial grounds. Tickets will be good for return passage on or before October 1. For further information call on any ticket agent.

W. L. DANLEY, Gen. Pass. and Ticket Agent, Nashville, Tenn.

The way to "be sure you're right" in buying shoes is to buy from Lendler & Lydon.

## FAMINE IN IRELAND.

Every Crop a Failure and Thousands Begging For Bread.

### BIG FAILURE IN WALL STREET.

A Former Kentuckian Sues Her Father-in-Law for Heavy Damages.

#### OTHER LATE TELEGRAPHIC NEWS.

London, Sept. 9.—The famine in Ireland is assuming alarming proportions. Every crop is said to be a failure and the sufferings of the people are terrible. Thousands are even now begging for bread, and what the future will be no one can now tell.

**A Wall Street Failure.**  
New York, Sept. 9.—The Willard Company, one of the largest banking and brokerage concerns on Wall street failed today. Their liabilities are said to be upwards of a million dollars.

**SUES HER FATHER-IN-LAW.**  
For Alienating Her Husband's Affections.

New York, Sept. 9.—Mrs. Van Schueck, formerly of Lexington, Ky., has sued her father-in-law for \$100,000 for alienating her husband's affections.

### PASSENGER TRAINS MEET.

Boilers of Three Locomotives Exploded After the Crash.

Fire Consumed the Victims—W. J. Bryan and Many of His Hearers in the Wreck.

Emporia, Kan., Sept. 9.—One of the worst wrecks in the history of the Atchison, Topeka & Santa Fe railway, occurred three miles east of here about 7:50 o'clock yesterday evening. Twelve or fifteen persons were killed, and as many more were badly hurt. The fast mail train, going east, and the Mexico and California express, west bound, collided head on. The express was pulled by two locomotives, and when they struck the engine drawing the fast mail, the boilers of all three engines exploded and tore a hole in the ground so deep that the smoking car of the west bound train went in on top of the three engines and two mail cars and balanced there without turning over.

It is feared that nearly all the seven mail clerks perished in the disaster, but so far only six bodies have been taken from the wreck.

It is stated that the wreck was caused by a misarrangement of orders from the trainmaster.

The west-bound train carried seven or eight coaches and its passengers included many excursionists who had been to hear W. J. Bryan speak at the county fair at Burlingame. Mr. Bryan himself was on the train, but was riding in the rear sleeping car, some 400 feet from the cars which were wrecked. He states that nothing but a heavy jolt was experienced by the passengers in his coach.

Mr. Bryan was one of the busiest in the crowd of rescuers. He helped to carry out the dead and wounded and gave the greatest attention to their cares.

Speight to Reside at Mayfield, Ky., Sept. 9.—Judge D. G. Park, of this city, and the Hon. J. C. Speight, of Clinton, have formed a partnership and Mr. Speight will make this his residence.

### ALARM SUBSIDING

No New Cases of Yellow Jack Reported Today.

Thought That the Danger of an Epidemic is Passed.

### BLACK BASS.

The Government Sends Us 500 for the Lakes.

Isaac Walton's disciples in Paducah and surrounding districts have reason to rejoice, for they can now angle for the dainty tribe in the upper lake, across the river, with much greater chances for success.

A day or two ago Messrs. A. R. Trotter and Haskell Hughes crossed over and deposited in upper lake 500 black bass, sent here by the government, and by spring there will be thousands upon thousands of them. These lakes have always been popular fishing resorts, but as now replenished by the government, they will offer greater attractions than ever.

Six Thousand Feet Being Put Up in the City.

Manager Fletcher Terrell, of Morton's opera house, is having erected in various parts of town, ten new bill boards, of 600 square feet each.

He is struck with the inspiration of going prosperity, and is not only going to have the best shows this season, but the biggest crowds of years, as well. He is getting ready to do more extensive advertising than ever before.

## NOTHING DONE.

The Settlement of the Great Miners' Strike Not Yet Made.

### LONGER STRIKE IS USELESS.

Jellico Operators Will Hereafter Treat Only With Individuals.

MINES PREPARING FOR RESUMPTION.

Columbus, O., Sept. 9.—The interstate miners' convention adjourned last evening to meet this morning without having taken a vote on the question of accepting or rejecting the proposed settlement of the strike. The prospects for the acceptance of the settlement are somewhat doubtful; in fact, a canvass of the situation shows a majority of the votes, unless some change should be brought about, will be cast against it. The greater part of the afternoon session of the convention was secret, the delegates listening to speeches from National President Hatchford and State Presidents Farns, of Ohio; Knight, of Indiana; Carson, of Illinois; and Dolan, of Pittsburgh. All of the officials, with the exception of Mr. Carson, argued in favor of the acceptance of the Pittsburgh operators' proposition. They told the delegates very plainly that if the proposition was rejected the strike would fail utterly; that the contest could not be continued, as all resources had been exhausted. They advised that inasmuch as the strike had been precipitated in the Pittsburgh district, it was very proper that it should be settled there.

**WILL NOT RECOGNIZE THE UNIONS.**  
Jellico Operators Will Only Treat With Their Men as Individuals.

Jellico, Tenn., Sept. 9.—After a session of the operators of the Jellico district which lasted two days an agreement was reached last night which is final. They will recognize organized labor and will be appointed when Grand Master sovereign comes to Jellico tomorrow. The operators claim that the miners have already ruined this season, and that they would have nothing to gain by making a settlement now. Hereafter they will deal with individuals and not with organizations.

**PREPARING FOR RESUMPTION.**  
Pittsburg Miners Making Ready and Are Accepting Contracts.

Pittsburg, Sept. 9.—The coal operators are unusually active getting their mines ready for operation, and many will be ready to start today. The mines that have been enjoying the past two months in pasture have been called in and blacksmiths at the mines have been busy all week getting them ready for work in the mines.

District President Dolan, of the miners' organization, was commended by the operators for the stand he took in the convention Tuesday. It is believed that all the mines in the Pittsburgh district will be in operation by the 12th, inst.

**WONT CONTEST.**  
So Attorney L. K. Taylor Declines Today.

The Irregularities Were Merely Technical Ones He Says.

Attorney L. K. Taylor today declined to contest the nomination of Mr. Bradshaw for commonwealth's attorney. He said in conversation with a SUN reporter:

"I have concluded not to contest, because the irregularities were merely technical, and were not, in my opinion, committed with a view to defrauding anyone. While I think I might have been successful in the contest, I am anxious to do the right thing, and will not enter a contest."

**BLACK BASS.**  
The Government Sends Us 500 for the Lakes.

**LAST RESPECTS.**

Funeral of the Late Rev. G. W. Dupee.

An Immense Crowd Present at the Last Rites This Morning.

The funeral of the late Rev. G. W. Dupee, pastor of the Washington Street Baptist church, who died Sunday in Kansas City, took place this forenoon at his church, services lasting several hours.

The ceremonies were conducted under the auspices of the three main lodges, Stone Square, Mt. Zion and Mount McGregory. The attendance was estimated at from 1,000 to 1,200. The crowd could not get into the church, and the street for a long distance each way in front of the church was lined with carriages. The solemn services were among the most impressive ever witnessed in Paducah. The deceased was a man highly respected by the white people, and greatly loved by his own people.

There were a great many white people present to witness the last rites.

The following was the program: Rev. Baker lined "Servant of God Well Done."

Prayer by Rev. Morton, of Hopkinsville.

Services introduced by Rev. P. H. Kennedy, Henderson.

Rev. C. E. Smothers, Versailles, Ky.

Choir sang "How Firm a Foundation," lined by Rev. J. B. Anderson, Maconville, Ky.

Resolution were read from the Kansas City Ministerial Association by Rev. Dupee, of Kansas City, Mo.

Remarks by Rev. John Morgan of Kansas City, Mo.

Choir sang "Asleep in Jesus."

The funeral services lasted perhaps longer than any other ever held here. They began at 10 o'clock, and did not end until nearly 3 p. m. The interment was at Oak Grove.

**WILL CONTEST**  
The Fifth Heat of the Mayfield-Asmund Race.

A. S. Thompson, owner and driver of the stallion Asmund, stated to a Stutz reporter this morning that the decision of the judges in the race yesterday between that horse and Mayfield would positively be appealed. The bone of contention, as will be understood from the report of the race elsewhere in today's Stutz, was the breaking of Mayfield in the fifth heat.

"The judges admit," said Mr. Thompson, "that there were four breaks. The driver of Mayfield acknowledges as much; the starter at first said three, but after a few words corrected himself. Now, see here," and he produced the rules of the American Trotting Association and read that portion of rule 78 bearing on the case, as follows:

In case of any horse repeatedly breaking or running "a" while another horse is trotting the judges shall punish the horse so at fault by placing him last in the heat or by distancing him. A horse breaking four times in a heat may be regarded as repeatedly breaking."

Mr. Thompson then stated his claim that the word "may" as employed there is necessarily from the connection in which it is used, legally equivalent to "must," and says that the definition of that word by the constituted authorities will be the settlement of the contest.

According to this statement the question is a slippery one. But it seems that the American Trotting Association will have to grapple with it.

**HONEYMOON HACKED.**  
A Dusky Bride Uses a Knife On "Hubby."

Tuesday night about 10 o'clock another cutting affray took place in Murray, says the "Ledger." Jim Parker and wife, a colored couple, quarrelled over the possession of a book when the dusky wife drew a knife and furiously attacked her husband. She inflicted two cuts on his left arm and one stab in his left breast. Jim prevented further dissection by picking up a board and belaboring the woman until assistance reached him. Officers escorted her to jail. Drs. King and Barber attended to the wounds of her beloved husband and they pronounce the cuts not necessarily dangerous.

The happy pair have been married only a few weeks and this was the startling end of a very stormy honeymoon.

**Accidentally Cut His Knee.**  
Will Karnes, a son of Contractor Will Karnes, split his right knee cap yesterday afternoon with an adz, while at work on Mr. L. S. Dubois' residence in the West End. The injury is very painful, but not necessarily serious, and will lay the young man up several days.

**School Suits and Shoes for the Boys.**

We want to impress upon you, good mother, that we handle a class of Boy's Clothing and Shoes that is as good as money can buy. The toughest cloth and leather we have found is none too strong for the boys.

For one dollar and fifteen cents we have a suit to fit boys from 4 to 14 years, in a neat cheviot plaid, well made, taped seams and strongly sewed and lined.

And at \$2 a suit we are offering you new and nobly fabrics, and we are sure they will be particularly interesting, both from a quality and a price standpoint.

And for \$1 we can give you a solid calfskin school shoe, razor or coin toe, which are worth \$1.75.

**HERE ARE SOME OF OUR LOW PRICES:**  
Men's \$12.00 suits, very fine, \$7.50.  
Men's \$8.00 business suits, \$4.50.  
Youths' double-breasted, square-cut, blue or black \$7.50 suits for \$4.75.  
Men's black cheviot pants, \$1.00.  
Boys' knee pants, 25c, 35c.  
Children's jersey and fancy gray cassimere suits, braided sailor collars, sizes 3 to 8, for \$1.50.  
Bargains in Men's and Children's Hats, Caps, Gents' Furnishing Goods, etc.

**I. C. NOTES.**  
The Recent Wrecking is Being Investigated.

Special Agent Corley, of this division of the I. C., left at noon, accompanied by a couple of I. C. detectives, for the scene of the recent attempted wrecking of the cannon ball near Ripley, resulting in the derailment of freight train No. 152. Every effort will be made to discover the perpetrators of the dastardly deed.

Illinois Central stock for the month of September is quoted to employees at \$106 per share.

Robinson & Franklin's advertising car No. 1 arrived from the St. Louis division this morning with a relay of bill posters. They went out with large stacks of paper to decorate the cross roads and tobacco patches.

If you want your shoes repaired by first-class shoemakers send them to Lendler & Lydon's. 852

**MARRIAGES MADE EASIER.**  
Chicago Elopers saved the Rother of Hunting Ministers.  
Milwaukee marriages for Chicago lovers are becoming easier every day. The last labor-saving device which emanates from the Cream City is credited to the business ingenuity of a local clergyman, who has opened a bureau

aeroplane.  
The subject of submarine locomotion is also having quite a boom. Last week I spoke of Pozzo's invention, which is chiefly designed for harbors and wrecks. The ministry of marine have invited plans for submarine boats for naval purposes, and have received a number of designs, one of which, that of M. Laubert, a naval engineer, is to be experimented with.

In a few years we may have submarine races across the channel, with prizes to the winners, while Bagli's boats roll along the surface and bicycle balloons carry spectators of the contests. All inventions of this nature are evidently on the eve of extraordinary development.

Such an event as a war between any of the great powers would probably see one or more of them perfected, and the nation getting them first would be a sure winner in the conflict.

Buy one pair and you will buy another next fall.

**Died of Whooping Cough.**  
The two-year-old child of Mr. Yopp died today at the family residence on Eighth street near Adams, of whooping cough. The funeral took place this afternoon at 4 o'clock burial at Oak Grove.

Everything in school supplies at Noah's Ark. 953

**WILD DOGS IN ST. LOUIS.**  
Bicyclist Attacked White Rhina Through Forest Park.

A tale of wild and vicious manliness has just been discovered in the wilderness in the western part of Forest park and it will probably be necessary for the police to hunt them out in order to prevent serious accidents to wanderers through the wilderness.

While James Bell, living on the Skinker road, near the intersection of Bonhomme road, was taking a run through the wilderness on his bicycle he noticed seven large dogs gathered around some object that they were evidently quietly devouring. He dismounted from his wheel to investigate more closely and was immediately set upon by the largest of the brutes.

Belle picked up a stick and prepared to beat the dog, but in answer to a yell from her the other six joined forces with her and Belle broke for her wheel. He made the quickest peddle of his life and just as he reached the seat the vicious female's teeth sank into his stocking and tore it into shreds. The dogs followed Belle until he reached the road, when they turned and trotted back into the woods.

These dogs have frequently been seen by wanderers through the wilderness and by the mounted police, but this is the first time they have attacked any one. Belle says the female is an unusually large beast and the other six have the appearance of being pups about a year old. The park authorities think the old dog wandered away from home, made a den in the wilderness and there raised her family, feeding herself and them on the rabbits, squirrels, birds and eggs that abound in that section of the park. It is likely that a party of mounted policemen will soon enter into the wilderness to drive them out.

**INTEREST IN FLYING MACHINES.**  
Paris Enthusiasts Watching the Experiments in America.

The flying machine experiments in America are being closely watched at Paris. M. Octave Chanute, of Chicago, keeps the French Aeronautical society well posted, and their papers are widely distributed. Two French inventors are now at work upon an aeroplane which may amount to something. M. Charles Richet and M. Tatin have constructed one with a petroleum motor weighing 66 pounds and with a 20-foot spread of wing and 26 feet of surface. The machine was launched from the side of a high hill and flew 450 feet before falling, at a speed of 56 feet a second. The inventors propose to repeat their experiments with a larger

**HARBOUR'S**
